★ GROWTH PLAN · CONFIRMED

Your Path to Growth

You made a great choice. This page shows what you get. It shows what it costs. It shows the easy steps to start. Let us build it for you.

Prepared by Mike Shields and Jordan Kwan
for Dr. Weidong Yu · Wellspring Clinic and SightSage

Great pick. The Growth plan gives you everything. It is the one most people pick.

WHAT WE NEED FROM YOU TO BEGIN

A few things so we can start.

We can start as soon as your first payment lands. Here is the checklist of what we need.
Send what you have now, and we will help you with the rest.

☐ Your brand

- **Logo files.** The biggest, clearest version you have.
- Your brand colors and any fonts you use.
- Photos: your clinic, your products, your team, and a headshot of you.
- How you want the helper to talk. For example, warm and friendly, or calm and proper.
- Anything that shows your style, like an old website, a flyer, or an ad.

☐ Your two businesses (Wellspring Clinic and SightSage)

- Name, address, phone, email, and open hours for each one.
- **For Wellspring, send us:**
- A list of what you do for patients.
- Your staff, with one or two lines about each person.
- How people book a visit.
- The questions you want new patients to answer first.
- What happens if someone is late or skips a visit.

☐ Your logins

- We will send you a safe way to share these. Never put a password in a normal email.
- Your website and hosting, for both sites.
- Your Shopify store (for SightSage).
- Your Jane App login, so the helper can book visits into your calendar.
- Your web address login (sometimes called your domain).
- Your Google Business page.
- An email the helper can send from.

☐ Your products (SightSage). This part takes the most time. For each product, tell us:

- What it is and what it does.
- How it helps the customer.
- Who it is for.
- The price, the sizes, and how to use it.
- The questions customers ask the most.
- What problems it fixes. Why some people are not sure about buying it.
- A clear photo.
- Stock, shipping, and returns.
- A sheet or file is perfect. Just send what you have.

☐ **Your clinic care (Wellspring). For each treatment, tell us:**

- What it helps with, and what happens at a visit.
- Who it is for.
- The questions patients ask the most, and the problems it solves.
- Care notes for before and after.
- The price, how long it takes, and if people can book online.

☐ **Helper rules and your point person**

- The languages you want. English, and Chinese if you like.
- The deal for a first order. Tell us how much money people save, and when they can use it.
- Tell us any words it must always use. Tell us any words it must never use. It will never tell people what is wrong with their health.
- One person we can reach, and the best way to reach them: text, email, or call.

You do not need all of this on day one. Open the list, send what you have, and we will help you find the rest.

THE BIG PICTURE

Here it all is, in one place.

PRICE

\$5,000.00
CAD

One time. No monthly fees.

BUILD TIME

About 3 weeks

From your first payment.

WHAT YOU OWN

All of it

Yours to keep. You are never stuck with us.

WHAT YOU GET

A full setup for both of your sites.

- ✓ A **smart chat helper** on both of your websites. It answers questions day or night, even when you are closed.
- ✓ It books visits straight into your **Jane App** calendar. A patient picks a time right in the chat, and it shows up in your schedule. No one has to call, and it will not double book.
- ✓ Both websites **rebuilt**. They look clean, load fast, and bring in more bookings.
- ✓ It **answers questions** about your SightSage products and about your visits with patients.
- ✓ One hour after each booking or order, it sends a **friendly check in**. It also asks for a star rating.
- ✓ It turns SightSage questions into **sales**. It can hand out a code to save on a first order. It can tell people when a sold-out item is back.
- ✓ People can **buy right inside the chat**. They can pick items and pay, all in one place.
- ✓ It **sorts every message** by how much it matters. Each day, it sends you a short note about them.
- ✓ It gets a little **smarter** every time it is used.

YOUR PAYMENTS

Three easy parts. Simple and fair.

The total is **\$5,000.00 CAD**. You pay it in three parts. The parts are almost the same size. You send each one with your bank app (this is called an e-transfer).

1

TO START

\$1,666.67 CAD

To start. We begin your build the day this lands.

2

HALFWAY

\$1,666.67 CAD

Halfway. You pay this about 2 weeks in, when the work is about half done.

3

AT THE END

\$1,666.66 CAD

At the end. You pay this when your new site and helper are up and given to you.

TOTAL

\$5,000.00 CAD

The three parts add up to \$5,000.00. The last part is one cent less. That makes the total just right.

HOW TO PAY

It takes about one minute.

Send each payment by Interac e-Transfer to: **mike@reachium.io**

- 1 Open your bank app or website.
- 2 Pick **"Interac e-Transfer"** or **"Send Money"**.
- 3 Enter the email **mike@reachium.io**.
- 4 Type the **exact amount** for that payment.
- 5 In the message box, write the payment name. Like this: **"SecondBrain Growth, Payment 1"**.
- 6 Send it.

Your bank may ask for a secret question. If it does, use this one. **Question:** What is the project name? **Answer:** SecondBrain. Or you can turn on Auto Deposit. That is a setting in your bank app. Then your bank will not ask a question.

Send us a quick message when a payment is on the way. We will confirm we got it.

WHAT HAPPENS NEXT

From your first payment to live.

- 1 **You send Payment 1.**
We start your build that same day.
- 2 **We build.**
We rebuild both websites and add your chat helper. This takes about 3 weeks.
- 3 **You send Payment 2.**
Around the middle of the build.
- 4 **We go live.**
We show you the finished build. You send Payment 3. Then it goes live. It is yours.
